A Culinary Symphony in Burgundy

Dining at Maison Lameloise was an unforgettable experience. The menu was a masterpiece - a creative and artistic expression of French cuisine. The service is truly one-of-a-kind, perfect for a special occasion or a romantic dinner.

Luxurious Restaurant for a Special Occasion

Maison Lameloise seems like a luxurious restaurant with excellent food, impeccable service, and elegant atmosphere. So disappointing experience. Overall, it seems like a great place to celebrate a special occasion.

Dear Guest,

Thank you for taking the time to share your feedback following your recent stay. We are pleased to hear that you enjoyed the honeymoon suite, particularly the indoor jacuzzi, and found the room to be spacious and clean.

We apologize for any inconvenience caused by the sun exposure at our swimming pool and sunbathing area. We understand that this may have impacted your experience, and we appreciate your feedback on this matter. Regarding the lack of tea and coffee making facilities in the room, we appreciate your suggestion and will certainly consider it to enhance our guests' experience. We also apologize for the absence of breakfast service during your stay. While this adjustment is due to current health and safety protocols, we regret any inconvenience it may have caused and will ensure that this is clearly communicated to future guests.

Your feedback is invaluable to us as we strive to improve our services and amenities. We hope to have the opportunity to welcome you back in the future and provide you with an even better experience.

Warm regards,

Hotel Management
